EcoTank M3170

This 4-in-1 EcoTank can help reduce your printing costs. Reliable, time-saving and energy-efficient, it includes ADF, Wi-Fi and Ethernet.

Print using Wi-Fi or Ethernet with this durable, fast and energy-efficient 4-in-1 EcoTank. A cost-efficient solution, print up to 11,000 pages with the included black ink[1]. Select features directly using the 6.1cm colour touch panel. A big time saver, use the Automatic Document feeder (ADF) to scan and copy several pages automatically. Save space with a 4-in-1 combining print, scan, copy and fax.

Reduce your printing costs
EcoTank saves you time and money compared to laser printers[2]. With a large refillable ink tank and ink bottles included with purchase, you'll be able to print thousands of pages straight out of the box.

Low cost replacements
Save up to 90% on printing costs[3] with EcoTank's large ink tank and replacement ink bottles. One bottle of EcoTank ink is equivalent to five toners[4], so you'll refill less and spend less, too.

Easy to use
With a front facing tank and ink level display, the M3170 is engineered for ease of use. EcoTank ink bottles feature an airflow system, enabling the ink to flow into the refillable
tank without the need for squeezing.

Print from almost anywhere
Print on the go, with WiFi Direct and the Epson iPrint App[5]. Using your mobile, laptop or tablet device, you'll be able to send documents to print from almost any location.

Join 50m customers worldwide
Since Epson started making EcoTanks in 2010, over 50m EcoTanks have been sold worldwide[6], making Epson the no. 1 ink tank printer in the world[7]. 7 out of 10 ink tank printers sold in the Middle East and Africa are Epson[7].

INK BOTTLE COMPATIBILITY

● 110S

1. 1.Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test patterns provided in ISO/IEC 24712. Quote yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.
2. Based on Epson calculations, average total saving required to print the same number of pages as the average yield of ink bottles included in-box within the EcoTank Mono range. Comparison between average yield (A4 prints of ISO/IEC 19752) of EcoTank "110" bottle and the genuine consumables sold and used within the 10 best-selling 1 20ppm mono laser printers in Middle East and Africa (IDC, Quarterly Hardcopy Peripherals Tracker, 2019 shipments, published Q1 2020). Total savings calculated with reference to the average purchase price of a printer amongst these top 5 models plus printing costs, calculated by dividing the relevant cartridge sales revenue and total yield by unit sales in Middle East and Africa (IDC, Hardcopy Peripherals Consumables Tracker, 2019 shipments, published H2 2019). USD converted to local currency using FX spot rate from XE.COM as at 08/07/2020.
3. 3.Based on Epson calculations, cost per page saving with reference to the average printing costs for EcoTank ""110" large ink bottle series and the genuine consumables used within the 5 best-selling cartridge-based 1-20ppm single-function mono laser printers in Middle East and Africa (IDC, Quarterly Hardcopy Peripherals Tracker, 2019 shipments, published Q1 2020). Cost per page calculated by dividing the relevant bottle/cartridge sales revenue and total yield by unit sales in Middle East and Africa (IDC, Hardcopy Peripherals Consumables Tracker, 2019 shipments, published H2 2019). USD converted to local currency using FX spot rate from XE.COM as at 08/07/2020.
4. 4.Based on Epson calculations, average number of toner cartridges required to print the same number of pages as the yield of Epson Mono EcoTank ink bottle. Comparison between average yield (A4 prints of ISO/IEC 19752) of the EcoTank "110" bottle and yield of the genuine consumables (IDC, Hardcopy Peripherals Consumables Tracker, 2019 shipments, published H2 2019) sold and used within the 10 best-selling 1-20ppm cartridge-based mono laser printers in Middle East and Africa (IDC, Quarterly Hardcopy Peripherals Tracker, 2019 shipments, published Q1 2020).
