HIGH QUALITY & BUILT TO LAST

COMMBOX CLASSIC HARDWARE

The CommBox Classic has been built with premium hardware components that have already proven to be durable and long lasting.

Not surprisingly, CommBox Classic has the reputation of being the **toughest touchscreen on the market.**

"The build quality was fantastic. It's very 'boy proof'. I could tell that I could put one of these [CommBox panels] in a room with 25 energetic young boys and it would be fine."
