

ReAX™ In-Wall 4" Touch Screen/Controller

The RXT-4 is an in-wall 4" touch panel with a ReAX™ JavaScript based control system. Ideal for conference rooms, educational facilities, hospitality, digital signage and more. The RXT-4 has a beautiful 480 x 480 1:1 aspect ratio touch screen with 160° viewing and room status lighting in just about any color combination. It is designed to mount in a 2 Gang or European style electrical box. The 2D/3D graphics engine with 1080p H.264 streaming decoder provides a powerful solution for complex graphics and video, ensuring an enhanced user experience.

To further enhance the experience, the RXT-4 has a 1-watt smart amplifier powered speaker, stereo digital microphone, proximity sensor, & ambient light sensor. The internal web server allows control from remote device like cell phones and computers. Designed to mount in 2 Gang wall box with adaptor plate or European style as is. The RXT-4 is a powerful 'all-in-one' solution for your presentation and automation needs.
